ABOUT AVIACOM

INTRODUCING OUR CREATIVITY

“Aviacom is one of the leading providers of Flight Simulators in India and also engaged in selling Aircrafts and Helicopters. Over the years, we’ve diversified into many new businesses in order to better meet the needs of our customers.”

We have successfully transformed itself from a small entity selling fixed based training aircraft simulators, Airline Simulators to ATC/ATM solutions and trainer aircraft into a professionally managed organization providing a full-fledged Aviation services to varied customers.

The growing list of satisfied customers reveals our ability to accomplish challenging projects, despite all odd. We specialize in supply, Installation, Testing, Commissioning, Operations, Comprehensive Maintenance, Training, Post-Sales Support and Spares Management services of various aviation products.

DEFENCE

Aviacom is a partner, for ongoing project of PILATUS AIRCRAFT LTD. for ground-based training support systems.

The Aerospace and Defence sector in India is up for modernisation and indigenisation under 'Make in India' (i.e., Aatmanirbhar Bharat) and MoD has already rolled out a positive indigenisation list in this regard. The defence simulators are supposed to be an important part of this indigenisation the process to replace obsolete equipment and up grade long term capability for in-house design and developments of various defence fleet types. Make in India is a major national programme of the Government of India designed to facilitate investment, foster innovation, enhance skill development, protect intellectual property and build best in class manufacturing infrastructure in the country. The primary objective of this initiative is to attract investments from across the globe and strengthen India's manufacturing sector.

Aviacom has the more than 15 years of experience and expertise in Flight Simulation products and related services. Aviacom was among the firsts to introduce certified flight simulators in India with Flying training organizations.

Aviacom has the capability to offer for all possible fleet simulators required by Indian Armed Forces at Economical cost and Superior quality, under Make III (collaboration with foreign equipment manufacturer for production in India). The JV company (Foreign OEM) has established profile and proven expertise of 30 years across the globe for defence simulator and is among one of the key suppliers of FTD's supplied to various Military forces across the globe and has also experience of Indian market for 15 years.

Aviacom is open to join hands with other OEM's to explore Indian Defence market and make a strong foothold.
