ABOUT AVIACOM

INTRODUCING OUR CREATIVITY

"Aviacom is one of the leading providers of Flight Simulators in India. We are also engaged in selling Aircrafts and Helicopters. Over the years, we've diversified and advanced into many new verticals in order to better meet the needs of our customers."

Our amazing journey started with sales of fixed base training aircraft simulators, Airline Simulators to ATC/ATM solutions and trainer aircraft. We successfully grew as a professionally managed organization providing a full-fledged Aviation services to varied customers.

The growing list of satisfied customers reveals our ability to accomplish challenging projects, despite all odds. We specialize in supply, Installation, Testing, Commissioning, Operations, Comprehensive Maintenance, Training, Post-Sales Support and Spares Management services of various aviation products.

DEFENCE

Aviacom has supported Pilatus Aircrafts Ltd. for FTDs supplied to Indian Air Force for more than 9 years with a track record of more than 95% serviceability.

The Aerospace and Defence sector in India is up for modernization and indigenization under 'Make in India' (i.e., Aatmanirbhar Bharat) and MoD has already rolled out a positive indigenization list in this regard. The defence simulators are supposed to be an important part of this indigenization. The process to replace obsolete equipment and upgrade long term capability for in-house design and developments of various defence fleet types. Make in India is a major national programme of the Government of India designed to facilitate investment, foster innovation, enhance skill development, protect intellectual property and build best in class manufacturing infrastructure in the country. The primary objective of this initiative is to attract investments from across the globe and strengthen India's manufacturing sector.

Aviacom has more than 17 years of experience and expertise in Flight Simulation products and related services. Aviacom was among the firsts to introduce certified flight simulators in India with Flying training organizations.

Aviacom has the capability for production and maintenance of all possible fleet simulators required by Indian Armed Forces at Economical cost and Superior quality, under Make In India. Aviacom is open to join hands with other OEM's to explore Indian Defence market. The JV Company (Foreign OEM) gets the advantage of an established profile and proven expertise of more than 17 years in Indian market.

Aviacom is open to join hands with other OEM's to explore Indian Defence market and make a strong foothold.
